

# Heartland Environmental and Resource Economics Workshop

September 21-22, 2003

## SUNDAY, September 21

*All sessions and meals in the Scheman Building, Iowa State Center*

**10:00-11:00**    **REGISTRATION and CHECK-IN**

**11:00-12:30**    **LUNCHEON AND KEYNOTE ADDRESS: John List, University of Maryland**

**1:00-3:00**    **EXTERNALITIES AND COMMON PROPERTY RESOURCES**

*FDI, Productivity, and Environmental Policy*  
Shunsuke Managi

*The Economic Costs of Critical Habitat Designation:  
Framework and Application to the Case of California Vernal Pools*  
David Sunding, Aaron Swoboda, David Zilberman

*Landscape Externalities and Patterns of Residential Development*  
Matthew A. Turner

*A New Approach to Anchoring: Theory and Empirical Evidence from a  
Contingent Valuation Survey*  
Emmanuel Flachaire, Guillaume Hollard, Stéphane Luchini

**3:00-3:15**    **BREAK: Coffee and beverages**

**3:15-5:15**    **MARKET STRUCTURE AND ENVIRONMENTAL PERFORMANCE**

*Environmental Over-Compliance in a Horizontally Differentiated Market*  
George Deltas, Madhu Khanna, Donna Theresa Ramirez

*Effects of Ownership and Financial Status on Corporate Environmental  
Performance*  
Dietrich Earnhart, Lubomir Lizal

*Information and the Provision of Environmental Quality*  
Keith Brouhle, Madhu Khanna

*Performance, Process, and Design Standards in Environmental  
Regulation*  
Brenth Hueth, Tigran Melkonyan

**5:30-7:30**    **RECEPTION: Wine, beer, hors d'oeuvres, and music**

## MONDAY, September 22

*All sessions and meals in the Scheman Building, Iowa State Center*

**7:30-8:30**    **CONTINENTAL BREAKFAST**

**8:30-10:00**    **AGRICULTURE AND THE ENVIRONMENT**

*Measuring the Gains from Groundwater Management When User Cost Varies Over Space*

Nicholas Brozovic, David Sunding, David Zilberman

*Enduring Impacts of Land Retirement Payments: An Econometric and Simulation Analysis of the Conservation Reserve Program*

Ruben N. Lubowski, Michael J. Roberts

*Farmer Response to Water Supply Uncertainty When Shocks Are Correlated*

John A. Janmaat

**10:00-10:15**    **BREAK: Coffee and beverages**

**10:15-12:15**    **DYNAMICS**

*Fishing for Information*

Philippe Marcoul, Quinn Weninger

*Is the Experimental Auction a Dynamic Environment?*

Jay R. Corrigan

*Dynamic Consistency and the Option of Delay*

Jinhua Zhao

*Learning by Doing and Voluntary Pollution Abatement in an Uncertain Policy Environment*

Hongli Feng

**12:15-1:30**    **LUNCHEON AND SPECIAL SPEAKER: David Zilberman,  
University of California, Berkeley**

## MONDAY, September 22 (continued)

### 1:30-3:00 VALUATION I

*Incentive Compatibility of Referendum and Open-Ended Value Elicitation Surveys*

Xiaoqi Guo, Timothy C. Haab

*Envelope Backs or the Gold Standard: Choosing the Accuracy of Natural Resource Damage Assessment*

Amy W. Ando, Wallapak Polasub

*OOH La La: Bid Range and Direction Effects in the One-and-One-Half Bound Dichotomous Choice Approach*

Ian J. Bateman, Diane P. Dupont, Stavros Georgiou, Nuno Gondalo Noceda-Matias, Logakanthi Subramanian

### 3:00-3:15 BREAK: Coffee and beverages

### 3:15-5:15 VALUATION II

*Combining Choice and Attitudinal Data to Estimate Preferences Over the Characteristics of Green Bay: A Latent Class Approach*

Edward Morey, Jennifer Thacher, Bill Breffle

*Cognitive Economics: An Application to Environmental Valuation*

J.R. DeShazo, Trudy Ann Cameron

*Alternative Strategies for Incorporating Weak Complementarity into Consumer Demand System Specifications*

Roger H. von Haefen, H. Spencer Banzhaf

*Mixed Poisson Regression Models with Individual Panel Data from an On-site Sample*

Kevin Egan, Joseph Herriges

### 5:15 Workshop Ends
