

Heartland Environmental and Resource Economics Workshop

September 19-20, 2004

SUNDAY, September 19

All sessions and meals in the Scheman Building, Iowa State Center

10:00-11:00 REGISTRATION and CHECK-IN

11:00-12:30 LUNCHEON AND KEYNOTE ADDRESS: M. Scott Taylor,
Canada Research Chair in International, Energy, and
Environmental Economics, University of Calgary

1:00-3:00 NON-MARKET VALUATION I

*Generalized Estimation Methods for Dichotomous Choice Contingent
Valuation Models*

Soo-Il Kim and Timothy C. Haab

*Testing for External Validity of the Choice Experiment Method Using
Explicit Rankings of Quality Attributes*

Christopher Azevedo, Jay Corrigan, and John R. Crooker

*Theoretical and Empirical Results from a Nonparametric Technique for
Bounding Welfare: An Application to Resource Valuation*

John R. Crooker and Catherine L. Kling

*Differing Values of Time for Non-Market Valuation: A Theoretical and
Empirical Comparison*

Raymond B. Palmquist, Daniel J. Phaneuf, and V. Kerry Smith

3:00-3:15 BREAK: Coffee and beverages

3:15-5:15 BIODIVERSITY AND WILDLIFE

Banking on Extinction: Endangered Species and Speculation

Charles F. Mason, Erwin H. Bulte, and Richard D. Horan

*Intra-Industry Trade, Multilateral Trade Liberalization, and Invasive
Species Risk*

Anh Tu and John Beghin

*Optimal Fisheries Management with Stock Uncertainty and Costly
Capital Adjustment*

Matthew Doyle, Rajesh Singh, and Quinn Weninger

Conservation Contracting under Dual Information Asymmetry

Timo Goeschl and Tun Lin

5:30-7:30 RECEPTION: Wine, beer, hors d'oeuvres, and music

MONDAY, September 20

All sessions and meals in the Scheman Building, Iowa State Center

7:30-8:00 **CONTINENTAL BREAKFAST**
